College Mission

In keeping with the mission of the North Carolina Community College System, College of The Albemarle opens the door to high-quality, accessible educational opportunities that minimize barriers to post secondary education, maximize student success, and improve the lives and well being of individuals by providing:

- Education, training, and retraining for the adult work force in a global economy, including basic skills education, occupational, and prebaccalaureate programs;
- Support for workforce and economic development through services to new, existing, and expanding businesses and industry;
- Cultural enrichment opportunities to communities and individuals which enhance the quality of life.

Athletic Advisor: **Murph Byrne**

A NEW ERA IN COA ATHLETICS

For the last 50 years College of The Albemarle has provided students with an education that is exceptional. We plan on doing the same this year by reinstating athletics into the heart of our community. The COA Dolphins, once a source of pride and spirit, have returned to our campus and we plan on keeping it here for students in the future.

Last year we created a campaign led by Jan and Fred Riley for our community to commit one million dollars in funding for athletics, and so far we have made half of that goal. By reaching our goal half way we have created enough of a financial foundation that we can start the program and keep it running. The goal is still there to be met but we are sure that with an alumni excited about COA's future and a history of relationships in our community we will win!

COA today is filled with students eager to learn from not only the faculty and staff but they are eager to learn from each other and they desire a sense of unity. Athletics today is that unity. It is the camaraderie we share on the field and in the stands. It is the sense of a community being a part of something that they actually have invested into. We ask that you keep coming out to our games and get ready for an even bigger season next year with the introduction of COA Softball.

Call (252) 335.0821 ext. 2260 for more information about the Lady Dolphins and our new coach, Mike Pierce.

OUR HERITAGE

North Carolina had no community college in 1960 when Pasquotank County residents voted 70 percent to 30 percent to establish a new college in Elizabeth City, making College of The Albemarle the first community college in the state. Less than a year later, 113 students were enrolled at COA for the first time. Today, the College is one of the premier community colleges in North Carolina with outstanding academic programs, a distinguished faculty, state-of-the-art facilities and more than 7,000 alumni. Currently, approximately 3000 students are enrolled at the three campuses of COA.

The founders of the College wanted a college that embodied the total collegiate experience - academic, social, and physical. In order to support its belief, the College fielded its first athletic team in 1963. Intercollegiate athletics was meeting the needs of many of its students during the 14 years the program was operational. Throughout the 1960's and the 1970's College of The Albemarle's athletics were a source of school pride and spirit on campus.

COA teams performed well. In 1976 the baseball team earned the right to play in the National Junior College World Series Championship in Grand Junction, Colorado. Unfortunately, in 1977 the Board of Trustees succumbed to financial pressures and reluctantly discontinued intercollegiate athletics.

The visionary spirit instilled by the College's founders and local voters in 1960 remains intact today. College of The Albemarle is proud of its heritage and it is the College's vision to once again offer intercollegiate athletics.

PRESIDENT'S MESSAGE

Lynne M. Bunch,
COA President

Receiving an education is more than just what happens in a classroom or lab. By reinstating intercollegiate athletics at College of The Albemarle, our students now have the opportunity to engage in competitive situations. Therefore, they will learn many of life's lessons that are best taught on the field of competition.

Thanks to the generous support of our local community, our Board of Trustees, and our faculty, staff and students, we are fielding our first athletic team since 1976. This expansion of opportunity adds yet another dimension to providing a total college experience.

Thank you for supporting our student athletes through your being here today. I hope that you will attend often and cheer for the Dolphins!

What we value most in our community . . .

- We respect the students, clients, and fellow employees whom we serve.
- We believe in the dignity and potential of every person.
- We appraise others by the depth of their character, appreciating their cultural heritages and their diverse opinions.
- We respect our relationships with one another.
- We trust others and seek to earn their trust by speaking and acting with integrity, dependability, and sincerity.
- We value teamwork through mutual respect and sharing ideas and decisions.
- We respect the educational process, which we provide.
- We value excellence in instruction. Through the practice of our values, we seek to educate the whole person.
- We respect the community, which we serve.
- We value partnership and service to our communities.
- We value the resources provided and seek to execute them efficiently and effectively.

ATHLETIC DIRECTOR

Jeff Carter,
COA Athletic Director

We are excited to have baseball at College of The Albemarle for the first time since 1976, and appreciate your support and patronage. We hope that you will enjoy the games and recognize the value of this program for our student-athletes and our college. Many volunteer hours went into making intercollegiate athletics a reality at COA.

State money cannot be used to fund athletic programs, so our program is supported solely through donations, fund-raising, and ticket/concession sales.

Before financial constraints forced the college to discontinue intercollegiate athletics in 1977, our 1976 baseball team earned a berth to the NJCAA World Series in Grand Junction, CO, finishing fourth in the nation. We plan to once again build a winning tradition for our athletic teams, and excitement in our community. In order for us to put competitive teams on the field and attract student-athletes, we must rely on community support. So far, the community has rallied behind our program, which has allowed us to implement the baseball program this year. We will add a women's softball program next academic year. We are hoping that our community will continue to support our athletic program, so that in the future, we can build our own field, offer scholarships to student-athletes, and bring home championships to northeastern North Carolina, like the 1976 team did. With your help, we can be successful. Please consider joining The Dolphin Club and supporting our program through donations and volunteer service, and come to root for the Dolphins every chance you get.

The primary benefit of our athletic program is in the values and traits it teaches our student-athletes: teamwork, leadership, fellowship, physical conditioning, pride in self and the institution, and handling success and adversity. You will notice the sportsmanship that our players exhibit, and we ask the same of our fans. Cheer loudly for the Dolphins, and be complimentary of our opponents. Please refrain from using profanity, or making disparaging remarks towards players, coaches, or umpires. Let's show everyone that we have the best fans in the conference.

We are your community college and your community team, and are proud to have you as a teammate. Thanks again for your support. Enjoy the game!

JOIN THE TEAM

Fred and Jan Riley,
Co-Chairs, COA Campaign for Intercollegiate Athletics

PLAY BALL! It is with excitement and a deep sense of gratitude that we look forward to hearing the umpire shout those thrilling words. We're excited because COA has realized a long-held dream to bring back a student athletic program that once brought honor to our region. We're also excited about the opportunity this gives all of us to participate as spectators and supporters of the new COA Dolphins. Our gratitude goes to the visionary leaders who created the Campaign for Inter-Collegiate Athletics, to our determined team of campaign volunteers, and to the hundreds of generous donors who made the vision a reality. It is our hope that you will enjoy all the game days at COA and continue to support the athletic program, joining us as we proudly cheer GO DOLPHINS!

WAYS TO DONATE

With your help, College of The Albemarle will bring to northeastern North Carolina an accessible, affordable, post-high school educational experience that includes intercollegiate athletics. ACT NOW to join the team and help us reach our goals!

Ways of giving are:

- Cash, check, or securities
- Pledges payable over three-year period
- Or call the COA Foundation, 252-335-0821, ext.2263 and a gift plan can be tailored to your specific needs

COA TODAY

Welcome to College of The Albemarle on behalf of the staff, faculty, students, and Board of Trustees. A comprehensive community college with an excellent academic reputation, COA is dedicated to providing accessible education, training, and retraining for better jobs and better lives in Northeastern North Carolina. We are delighted that you have chosen to take part in our Intercollegiate Athletics Program.

At COA, we understand that the overall objective of the community college is to serve the community. We meet this objective, one student at a time, by offering exceptional programs and services. Administration, faculty, and staff work diligently with the seven counties COA serves (Camden, Chowan, Currituck, Dare, Gates, Pasquotank, and Perquimans) to address the area's economic needs, and continuously seek ways to enhance our economic development partnerships with local governments, businesses, and industries.

While our overall objective is community-based, our priorities are student-based. Enabling you to succeed in acquiring the knowledge and skills you need to enter the labor force, advance in your current job, obtain a better job, transfer to a four-year institution, or enrich your life experiences is our priority. Your success is our reward and our dedicated, friendly faculty and staff are highly invested in your success. The size of our campuses and centers allow for regular interaction and I encourage you to let any of us know how we can help you achieve your educational goals.

REASONS TO APPLY

There are many great reasons to attend College of The Albemarle. Here are just a few of them...

Quality Instruction

At COA, you will find some of the best instructors available in any higher education facility. Our instructors work diligently to provide our students with the best education possible in their program of study. Students who graduate from community college and transfer into a university system often do better than students who started at the university level.

Location

COA offers three convenient campus locations, close to home, in Elizabeth City, Edenton, and Manteo.

Affordability

Community college tuition is one of the best educational values available. A full-time student at COA will spend approximately \$2950 for tuition, fees, and books in a two semester school year.

Scholarships and Student Aid

At COA, any individual who wishes to attend should not be deprived of this opportunity. Financial assistance is available to qualified students through grants, loans, and part-time employment in the college work-study program. The college's Foundation also provides more than \$160,000 per year in private scholarships.

Small Class Size

Most classes at COA have fewer than 25 students. This allows instructors time to get to know everyone, and students get the personalized attention they deserve. Our instructors are always willing to help.

On-Line and Hybrid Classes

COA knows that convenience and flexibility are the keys to getting an education. To help, we have developed many classes on-line to provide students as much flexibility and convenience as possible. If on-line classes are not for you, maybe a hybrid class would suit you better. These courses combine on-line and classroom instruction.

Flexible Scheduling

A wide variety of class times are available to suit your schedule. COA begins classes at 8 am and offers a variety of afternoon and evening classes each semester.

Support Services

Take advantage of the many services offered, including academic advising, personal counseling, new student orientation, testing for proper placement in classes, free tutoring, and child care assistance. Specialized services are available, such as scholarships and student aid, veterans' services, and assistance for students with disabilities.

Career Search

Unsure of your major? COA offers free counseling and career services that provide pertinent information to help you select an educational path. Your career counselor utilizes career search programs and interest surveys to help you select a major.

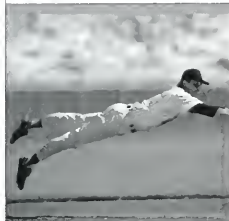

If you find that College of The Albemarle is a great fit for you please apply today by going on-line to www.albemarle.edu or give us a call at (252) 335.0821. We will be happy to assist you in any way.

COACHING STAFF

Coach Wilson coached baseball at First Colonial High School in Virginia Beach, VA, for 26 years, compiling a record of 417 wins and 105 losses. His teams won 14 District Championships and 7 Eastern Regional Championships. His 1993 State Championship team was ranked #6 in the nation by USA Today, and its record of 28-0 remains the best in Virginia State High School History. COA is very honored to have Coach Wilson and his staff for the 2010 baseball season.

Albamarle Health, a University Health Systems affiliate, is northeastern North Carolina's largest regional health and wellness provider. Facilities include: Albamarle Hospital, a full-service medical center in Elizabeth City, featuring critical care, surgical and diagnostic imaging services, and comprehensive women's care; Regional Medical Center, in Kitty Hawk, which houses an outpatient surgery center, laboratory, diagnostic imaging services, and offices for multiple physician specialists: Regional Oncology Center, a state of the art cancer treatment facility located on the campus of Albamarle Hospital; and the Albamarle Health Sleep Center, in Elizabeth City.

In addition, Albamarle Health offers primary care through Island Medical Center, in Manteo, and Gates County Medical Center, in Gatesville. The Albamarle Hospital Foundation Community Care Clinics, in Elizabeth City and Tyner, provide primary care and prescription services to the indigent, uninsured, and underinsured in our service area.

For a free referral to an Albamarle Hospital medical staff physician in one of the following specialties, please call 252-384-4063.

Save \$20! Register by March 1st for the Bright Star Spring Break Camp.

Bright Star Spring Break Camp

Date: April 5th - 9th
Time: 8:30 - 4

Camp is a great opportunity to teach students so much about theatre and themselves! We are looking forward to a great Spring Break camp. Join us as Bright Star Touring Theatre leaves few theatrical stones unturned! The final afternoon of camp features a collection of short scenes entirely developed, written, created and perfected by the campers themselves! **\$120/\$100 Sibling** **Age 8-14**

WaterPalooza

Date: April 22, 2010
Time: 10:30 & 12:30

Join "The Crustaceans" featuring Rock Lobster, Rock Shrimp and special guest Man-A-T for an interactive concert! We're going to learn how to make a difference by conserving water and making our planet a great place to live! **Cost - \$5** **Grades K-6**

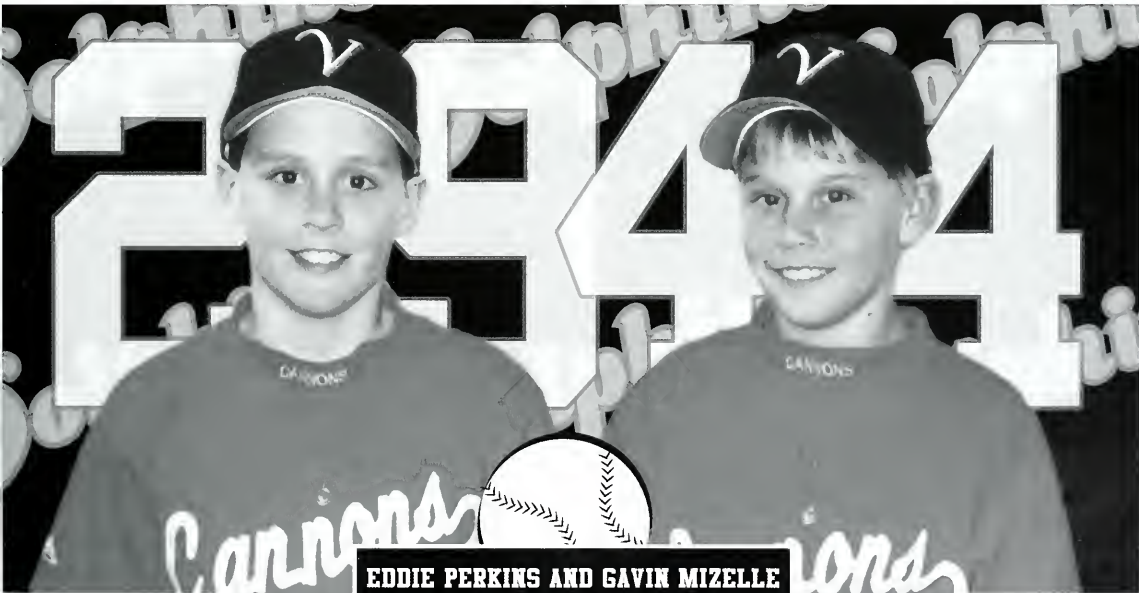

I Have A Dream

Date: May 11, 2010
Time: 10:30 & 12:30

This compelling dramatization of the life and times of one of the most influential leaders of the Civil Rights Movement will inspire students as they experience the struggle and dream of Martin Luther King Jr. **Cost - \$5** **Grades 3-12**
